#### UP BOARD

SHIVAJI GROUP OF INSTITUTION

Class 12 PCM  
2022

Percentage: 79

Class 10  
2020

Percentage: 89

### PROFILE

Dedicated Computer Science student committed to excellence in both academics and practical application. . Proven ability to work collaboratively, learn quickly, and adapt to evolving technologies. Seeking opportunities to apply and enhance programming, problem-solving, and teamwork skills in a dynamic professional environment.

### PROJECTS

#### NSCC KIET

"I have made significant contributions to the NSCC KIET website and currently serve as the Web Coordinator for the NSCC Club."

#### E-COMMERCE WEBSITE

"I created a learning project using React, Tailwind CSS, and various React features like useState, useEffect, Next.js, and React Router. I also added 'add to cart' functionality with Context API and later integrated MongoDB. This project was solely for educational purposes."

#### AUTH APP

"I developed a Next.js authentication project to learn token authentication and MongoDB schema design."

#### CONNECT SENIOR

"My ongoing project for the 4th semester, Connect Senior, focuses on learning Zod, Mango queries, schema design, Shadcn UI, and TypeScript. The project aims to facilitate connections between junior and senior students at my college, built using Next.js 14."
